

ISES ASSOCIATION

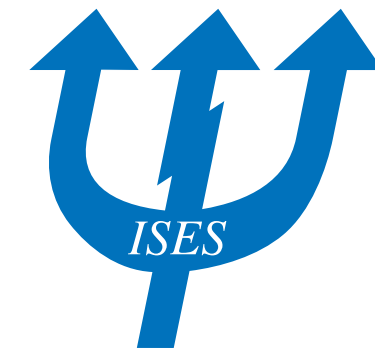

ABOUT US

International Ship Engineering Service (ISES) Association

ISES is essentially a non-profit enterprise that exists to co-ordinate and market the international activities of its member companies. To help achieve this aim it employs a Secretary General. As a group, the objective of ISES is to unite an independent, high quality worldwide network of members to provide electrical, mechanical, electronic and specialised services to the marine industry.

The ISES Association is an organisation whose members have all been carefully selected to ensure that the Association maintains a very high level of dedicated and specialised expertise to ensure customer satisfaction, wherever in the world they are called upon to provide a service.

Service throughout the world in the Marine Electrical, Electronic, Engineering and other Technical sectors.

The ISES Secretariat

The Association has a permanent Secretariat which all members are welcome to use for assistance in tracing manufacturers of marine equipment, to obtain technical information needed, confidential information about integrity of ship owners or any other information they might request as part of their day-to-day work.

The Secretariat assists its members to obtain payment of overdue invoices from ship operators.

Class of Membership

The Association has three classes of membership as follows:

- **Member:** They provide Shipowners, Shipmanagers and Operators with competent service and repair facilities for all plant, equipment and machinery, including electrical repairs and rewinds, electronic repairs, navigation and communication systems, engine repairs, mechanical repairs with full workshop capability, hydraulic and pneumatic system repairs and refrigeration/air conditioning system repairs.
- **Affiliate Member:** Affiliate Members are manufacturers or suppliers of equipment.
- **User Associate Member:** Ship-Owners, Ship-Managers and Ship-Operators.
