ISES Association Ltd

U.K.

**Register Address:** Kemp House , 152-160 City Road, London, EC1V 2NX, UK.

**Post Address:** C/ Maria Auxiliadora 22, 4-B, 10003, Caceres, Spain.

**Tel:** +34 927 042805

**Mob:** +34 627919990

**Email:** [secretariat@isesassociation.com](mailto:secretariat@isesassociation.com)

**Web:** [www.isesassociation.com](http://www.isesassociation.com)

**Contact:** Pepe Bris – Secretary General

Founded in 1963 the vision of the ISES Association Ltd (International Ship Engineering Service Association (ISES) Ltd) is to provide Ship Owners, Operators, Managers and the Offshore Industries with quality service throughout the world in the Electrical, Electronic, Engineering and Mechanical sectors.

This objective is achieved by members co-operating with each other to ensure the continuity of services both between ports and from one member to another, according to the customer's requirements.

Please refer to each individual company's entry for full details of the services they provide, and where they can provide them.

To arrange service please contact the ISES member direct using the contact details listed in the guide. You may also contact the ISES Secretariat who will assist you to arrange service with an ISES member. There is no charge for this service.

The Association also has Affiliate members who are certified suppliers of equipment or material in the Electrical, Electronic, Mechanical and specialised marine related fields.

**ISES has also a group of Members open to Ship-Owners, Ship-Manager and Ship-Operators: USER ASSOCIATE MEMBER.** This is open to companies willing to use ISES worldwide Network of Members and Affiliate Members and get updated info about them and market trends.

We operate a LinkedIn Group "ISES Association Ltd" which is a closed group open to approved individuals. This is an ideal platform for exchanging information with like-minded professionals. We are also present in other Social Networks such as Twitter and Facebook.

## Turbogen

## Argentina

**Address:** Lugones 1851/1855, 1430 Buenos Aires, Argentina

**Contact:** Mr Pascual Mario Ruffa – Director  
Mrs Estella Maria Llomovatte - Director  
Mr Matias Nicolas Ruffa - Manager

**Tel:** +54-11 4521 5667 -

**After Hours:** +54-91144407867

**Mob:** +54-91144407867

**Web:** [www.turbogen.com](http://www.turbogen.com)

**Email:** [turbogeninfo@turbogen.com](mailto:turbogeninfo@turbogen.com) / [turbogenmario@gmail.com](mailto:turbogenmario@gmail.com)

Turbogen offers solutions for all the brands and models of turbocharges. We have a workshop and we also send working teams to any destination that may be required.

### Services:

- **Turbochargers:** Service and maintenance of all makes and sizes of turbochargers • Service on board • Repair of turbine blades, nozzle rings, impellers, compressor wheels, gas housings • Service of oil pumps • Service of bearings • Stock spare parts • Dynamic balancing
- **Scrubbers:** Design and Construction
- **Metallock Repairs:** Special repairs by Metallock System
- **Separators:** Service and repair of all manufacturers of Separators
- **Turbines:** General attention of gas and steam turbines

### Representations:

KBB Bannewitz • (MET) Mitsubishi Heavy Industries • SotecoInternational • Comtech  
• MIA (Metallock International Association) • ADS (Association Diesel Specialist)  
Member • Tenmat • Llalco • Cimat

### Quality Accreditation:

ISO 9001

### Ports Serviced:

All the following ports in Argentina: Buenos Aires, La Plata, Dock Sud, San Nicolas, Rosario, Santa Fe, Necochea, Bahia Blanca, Puerto Madryn, Comodoro Rivadavia, San Antonio Oeste, Campana, Rio Gallegos, Ushuaia. Any other South American ports on request.

## Read's Electric Company P/L

Australia

**Address:** 25, Strang Street, PO Box 55, South Fremantle, Western Australia 6162

**Tel:** 24 Hours +61-8-9335 9344

**Email:** [info@readselectric.com](mailto:info@readselectric.com)

**Web:** [www.readselectric.com](http://www.readselectric.com)

**Contact:** Mark Wilson – General Manager

**Mob:** +61 414342360

Reads Electric Co Pty Ltd has an enviable record of over 60 years of service. In that time we have grown to be the premier electrical repair and service provider in Western Australia.

Reads Electric was established in 1959 by Brian and Coral Read and has developed a strong reputation for quality, efficiency and excellent after sales service

### Rewinds:

Rewind and repair of all types of rotating and static electrical equipment to 5Mw / 30 tonne / 11Kv • HV coil manufacture • Transformer overhaul and manufacture • All insulation classes.

### Specialising:

Full no load / load testing to 11Kv • In house machining and mechanical repairs • Metal spray and Micro flow • Dynamic balancing • Bearing testing and vibration analysis • 200 tonne horizontal pressing • Abrasive cleaning

### Site Services:

Installation, modification, voyage repairs and fault finding on all types of static and rotating equipment • Thermographic survey • In situ Dynamic balance • Primary injection to 2000 amp.

### Facilities:

VPI epoxy impregnation system • Large dip varnishing • Cleaning and drying capabilities.

### Service/Sales Representations:

TECO • WEG • TAIYO • MARELLI

### Quality Accreditation:

AS/NZS ISO 9001:2015

AS/NZS 3800:2012 Electrical Equipment for Explosive Atmospheres – Overhaul and repair.

### Ports Serviced:

Fremantle, Kwinana, Esperance, Albany, Bunbury, Geraldton, Carnarvon, Dampier, Port Walcott, Port Hedland, Broome, Darwin

## Maintenance Partners NV

## Belgium

**Address:** Vitshoekstraat 6, 2070-Zwijndrecht, Belgium

**Tel:** +32 3 541 7140 (24/7)  
[www.maintenancepartners.com](http://www.maintenancepartners.com)

**Web:**

**Email:** [marineservice@maintenancepartners.com](mailto:marineservice@maintenancepartners.com)

**Contact:** Erik De Bock – Marine Manager  
Mob: +32 494 566 469 / Email: [erik.debock@maintenancepartners.com](mailto:erik.debock@maintenancepartners.com)

Howden Maintenance Partners' goal is to provide the best possible solutions on rotating equipment to its customers in all branches of the industry at optimum cost.

### Services:

- **Electrical services** : Repair, overhaul & rewinding of all electric motors & generators (LV & HV) - switchgear & transformers – facilities for motor components engineering + manufacturing (coils & commutators) – VPI technology (vacuum impregnation) – heat treatment – load testing – all diagnostic measurements & diagnostic surveys – lifting capacity 100T – Supply of spare parts & motors. ABB, ANSALDO, ALCONZA, approved workshop & supplier.
- **Mechanical services** : Repair & overhaul of 2 & 4 Stroke engines and turbochargers - turbines (gas & steam) – compressors – gearboxes – pumps - fans and other rotating equipment. Welding & machining of all ferrous & non-ferrous materials – metal spraying techniques (warm, cold & Babbitt) – white metal spraying & bearing reconditioning - dynamic balancing (up to 100 tons) and high speed balancing in vacuum bunker installation (12,5 tons – 30.000 rpm) – laser alignments.
- **Diagnostic maintenance**: Ship's vibration & acoustic measurements (structural & machinery) – Thermo graphic imaging & analyses – motor condition analyses – laser alignment – diagnostic surveys – independent reporting.
- **Project management** : Reconditioning projects – retrofit & upgrade projects – reengineering – major overhauls – installation services – riding squads – Word Wide service.

**Quality accreditation:** ISO 9001, ATEX Certified according to IECEx3 for explosion proof machines Eexd, Eexe & Eexde – High Voltage Safety – VCA Certification, DEKRA explosion proof certified workshop.

**Ports serviced** : Antwerp, Zeebrugge, Ghent, Rotterdam, Amsterdam, Terneuzen, Flushing & Dunkirk. Riding squads & World Wide services.

## Metalock Brasil

Brazil

**Address:** Rua Visconde do Rio Branco 20/26, 11013-030 Santos, SP, Brazil

**Tel:** Santos: +55 13 3226-4686

Rio: +55 21 2516-5561

**Emails:** [marine@metalock.com.br](mailto:marine@metalock.com.br)

[rio@metalock.com.br](mailto:rio@metalock.com.br)

**Web:** [www.metalock.com.br](http://www.metalock.com.br)

**AOH Contacts:**

Santos:	Mr. Bruno Hipolito	+55 13 99210-6735
	Mr Marcelo Yamaguti	+55 13 99210-2078
Rio de Janeiro:	Mr. Vladimir Vidal	+55 21 99263-8717

Metalock Brasil provides unique maintenance service solutions on equipment for the Industrial, Marine and Offshore sectors, in the shortest possible time.

### Repair and Maintenance Services:

- Diesel Engine & Turbocharger Servicing
- In-Situ Machining
- Mechanical
- Shaft Line & Stern Tube Seals
- Welding, Platework & Boilerwork
- Electrical
- Refrigeration
- Hydraulics
- Life Saving Appliances
- Fire Fighting
- Electronics (Navigation, Communications, Automation)

### Regulatory Surveys (accredited by all major Classification Societies):

- Safety Radio (GMDSS & MODU)
- AIS / SSAS / EPIRB / SART / LRIT
- VDR / SVDR
- Lifeboat / Davit / Release Gear
- Gangways
- Elevators

### Quality Certification:

ISO 9001:2015

### Authorized Service Representatives for 65 Manufacturers.

**Ports Serviced: Brazil:** Santos, Rio de Janeiro, Paranagua, Vitoria, Rio Grande, Itajai, Salvador, Recife, Ponta da Madeira, Belem, Manaus.

**Uruguay:** Montevideo, Nueva Palmira

## CONSULT-ELECT

Canada

**Address:** 3700 rue Richelieu, St Hubert, Quebec, J3Y 7B1, Canada.

**Tel:** +1 450-678-7882

**Web:** [www.consult-elect.com](http://www.consult-elect.com)

**Email:** [info@consult-elect.com](mailto:info@consult-elect.com)

**Contact:** -Sales: Florent Mecca – General Manager / Mob: +1 514-638-4623  
-Tech: Cédric Gaden \_ Technical Manager / Mob: +1 514-746-2400

Consult-Elect was established in 2000 by former technicians from Merlin Gerin which is now part of Schneider Electric. After 20 years Consult Elect has developed a strong reputation in electrical distribution services, on board vessels in Canada and abroad.

Our highly committed team and experienced technicians are the heart and pride of the company we have grown today.

As professionals in our industry, we strive to offer quality services in accordance with our values and the expectations of our customers and partners.

### Services:

- Maintenance, tests, repairs for low and high voltage circuit breakers onboard or in workshop.
- Thermographic survey.
- Certify technicians with appropriate equipment to maintain SF6 gas used on high voltage circuit breaker.
- Switchboards upgrading studies for new technology integration.
- Circuit breaker retrofit solutions without power interruption, protection relay testing and upgrading with the use of latest technology tools.
- Arc-flash studies for a safe switchboard operation.

### Representations:

Schneider Electric service provider agreement, low, high voltage, protection relays. Tie link with ABB for short notice and emergency supply.

### Class approvals:

On a regular basis and customers request our tests on board or in workshop are approved by class like LR, DNV, or BV.

### Quality accreditation:

ISO 9001: 2015

### Ports serviced:

Montreal, Quebec, Halifax, Vancouver, Victoria, on board or abroad on call.

## Hostmost Marine Services

Canada

**Address:** 4302 Norfolk Street, Burnaby, V5G 4J9 , B.C., Canada

**24/7 Tel:** 1-604-293-1730 (Canada) | +852-6893-0211 (China, HK, Philippines, Vietnam) | +65-6250-2687 (Singapore)

Tech: +86-0411-39368636 Hui Wang Vice General Manager  
Services: +86-0411-39368660 Shasha Han Quality Manager

Based in LuShun Port, China, the company was established in 1978, it's one of the enterprises to produce medium/low voltage switchgear and power distribution equipment for marine and offshore engineering.

In the past 30 years, the production was distributed native and abroad, good credit standing was built up, it's the first company in the same trade to achieve ISO9002 and GJB/Z9002 credit, also acquired ISO9001:2000credit. The production quality was kept at excellent level; the eligible rate reached 120 percent. To insure our quality promises to clients is also the criterion for customers to approbate our production.

The establishment of the new technique system and the application of the test and quality management system, adequately assist our production.

**Products:**

- Marine Transformers
- Marine Distribution Products
- Marine Explosion-Proof Products
- Box Type Substation

**Quality Accreditation:** GB/T 19001 – 2016/ ISO9001:2015

**Ports serviced**

All ports in China. Other ports upon request.

**Qingdao Zhenhai Marine Equipment Co., Ltd****China****Address:** No. 277, Pinghu Road, Huangdao District, Qingdao, China**Tel:** +86-0532-82120656**Web:** [www.qdzhenhai.cn](http://www.qdzhenhai.cn)**Email:** [Zhenhai0789@163.com](mailto:Zhenhai0789@163.com)**Contact:** Tech / Sales: Qianqian Zhuang

Founded in 2005, the company is located in the high-speed rail business district on the west coast of Qingdao. The company has more than 90 employees, covers an area of more than 21,000 square meters and a construction area of more than 13,000 square meters. It is an enterprise that independently designs, develops and produces electronic control equipment and automation control products for ships. Our power distribution equipment has been used in 31200DWT multi-purpose ship, 1800TEU container ship, 800TEU container ship, 55000LT floating dock, 50000DWT semi-submersible ship, 260,000CUFT reefer/fishing fleet support vessel, 18900DWT product oil tanker and many other projects.

**Products:**

Marine switchboard & power management system, Bridge Room Control console, E/R Control console, Distribution Board ,Charging & discharging panel, Starter, Shore connection box, test panel, E/R monitoring system, Main engine remote control system, Navigation light controller.

**Class approvals:**

We have the type approval certificates approved by CCS for Engine room Monitoring and alarm system, Main engine remote control system and Navigation light controller. We have recognition for BV II Scheme approved by BV. Many marine products were surveyed by CCS, BV, NK, DNV/GL, ABS, LR, KR and RS.

**Quality accreditation:**

ISO 9001-2015

**Ports serviced:**

All ports in China.

## RMS Marine Service Company Ltd.

China

**Address:** No.365, Gaodong Second Road, Pudong, Shanghai, China (200137)

**Tel:** 86-21-50171617

**Web:** [www.rmsmarineservice.com](http://www.rmsmarineservice.com)

**Email:** [customer@rmsmarineservice.com](mailto:customer@rmsmarineservice.com)

**Contact:** Engineering Manager: Andy Huang

**Mobile:** +8613681606035

RMS Group is your global one-stop marine service partner, taking care of all your marine service needs every day around the clock. Founded in 1993, RMS Group has become one of the leading marine service providers globally for ships, cruise and offshore related customers after many years of organic growth in the marine service industry.

RMS has well-facilitated workshop to carry out high standard safety service in each branch office. We have trained more than 80 qualified safety technicians and skilled workers in RMS Group and able to offer 24/7/365 "One-stop" safety service solution to vessels at all major ports and shipyards in China, Korea, Singapore and Europe.

### Services:

·PSC Solution ·Accommodation deck light, A/C unit, PA system, furniture service  
·Structural fabrication, installation, service ·Automation service ·Hydraulic and pneumatic system service ·Electrical service ·Mechanic service ·Measuring equipment service ·Quality check service ·Test and calibration ·Engine switch installation, service  
Newbuilding & Retrofitting Project Integrated Solutions of BWMS for Newbuilding & Existing Vessels ·Offshore Supply Chain Management ·Offshore Technical Service  
·Site Service ·Export, Safety, Engineering, Logistics and General Shipping Agency.

**Supply:** Stores, Food & Beverage, Spare Parts and Equipment

**Class approvals:** ABS, BV, NK, CCS, LR, DNV-GL, KR, IRS, RS, RINA

**Quality accreditation:** ISO 9001 / ISO 14001 / ISO22000 / ISO 45001

### Ports serviced:

All ports in China, Korea, Singapore and Europe.

**SaierNico**

**Zhenjiang SaierNico Automation Ltd**

**China**

**Address:** Dingmao Economic Dev. Zone, Zhenjiang, Jiangsu 212009, China

**Tel:** +86 511 8888 3508

**Web:** [www.saiernico.com](http://www.saiernico.com)

Sales/Service: Liuying – [ly@saiernico.com](mailto:ly@saiernico.com) Mob:+86-157 5177 1616

**SaierNico Europe AS:** [info-europe@saiernico.com](mailto:info-europe@saiernico.com) **Tel:** +45 7454 0222

SaierNico was founded in 1994 and specialises in the design and manufacturing of marine switchboards, automation system as well engine room and bridge control consoles, AMP modification. We have delivered switchboard more than 4,200 shipsets for about 500 shipowners which made SaierNico take the lead in Chinese marine market for consecutive 10 years.

During recent two years SaierNico has completed AMP retrofit projects for more than 100 vessels.

To strengthen our worldwide service capability in the European Region we have a branch office in Denmark – SaierNico Europe A/S, and we also have stock of spares in Europe.

Technicians are available 24 hours 365 days a year.

**Products:**

- Marine switchboards & power management systems
- Bridge, Wing, E/R & Cargo Control consoles
- Distribution Boards and starters and Charging & discharging panels
- Shore connection boxes/test panels
- E/R alarm light columns
- Variable Frequency Starters and Soft Starter
- E/R alarm & monitoring systems
- Valve control and tank gauging system
- Heating, ventilation and air condition control system
- Integrated Automation System
- AMP Modification
- IMCC (Intelligent Motor control centre)
- Insulation monitoring and positioning system

**Ports Serviced:**

All Chinese ports and other ports upon request.

Mr Bin Guo – Deputy Mgr Svc Dept. [guob@nse.net.cn](mailto:guob@nse.net.cn)

Based in Pudong China, Shanghai NSE was established in 2002 and is one of the leading marine switchboard manufacturers in China. It specializes in the design and manufacture of main and emergency switchboards, power management system, bridge and engine room control consoles, and other kinds of electric panels and automation systems. Its quality products have been widely used by all the main shipyards in China. Since its inception, it has delivered more than 2,000 shipsets of switchboards for different kinds of merchant ships, like 300kdwt VLCC's, 400kdwt VLOC's, capsized bulk carriers, 18000teu container vessels, etc. Its withdrawable and intelligent motor control centers have been adopted in many offshore projects, like FPSO's, Jackups & production platforms. It is an ISO9001:2008 certified company.

**Offices:**

Shanghai NSE has 5 regional service stations in China and 1 service station in Singapore.

**Ports serviced:**

All ports in China & Singapore. Other South East Asian ports upon request.

**浙江欣亚磁电发展有限公司**  
ZHEJIANG XINYA ELECTRIC CO.,LTD

## Zhejiang Xinya Electric Development Co.,Ltd China

**Contact:** Renee Ding – [dinglei@xy-cd.com](mailto:dinglei@xy-cd.com) / [tech-service@xy-cd.com](mailto:tech-service@xy-cd.com)

Founded in 1982 specialising in marine low-voltage electrical appliances we now own one of the largest plants in China.

The products have been widely applied in the fields of Petroleum Platforms, Ocean Salvage Vessels, Oil Tankers, Chemical Tankers, Dredgers, Bulk Carriers, Container Vessels etc. in accordance with the rules of NK, CCS, DNV, LRS, GL, BV., ABS, RS, RINA and other Classification Societies.

### **Our Electric Solutions:**

#### **Ship Electrical Power Systems:**

Main Switchboard • Emergency Switchboard • Local Group Starter Panel • Individual Starter • ZUPS

#### **Ship Automation Systems:**

Power Management System • Alarm & Monitoring System • Level Remote Gauging System • Valve Remote Control System • Wheelhouse Control Console • Engine Room Console and DP System.

#### **Quality Accreditation:**

GB/T 19001 – 2008/ ISO9001:2008

#### **Ports Serviced:**

50 Professional Engineers for quality control, commissioning and after service. Services carried out at all Chinese ports/Asia/European /south America/USA/Australian ports.

Since its foundation ITEC quickly positioned as the market leader in the Colombian maritime industry. During the following years the company was approved by main classification societies and by Colombia's maritime authority to provide all type of services to communication and navigation equipment on board national and international vessels.

Today we remain as the market leader because of our professionalism and high quality, representing major manufacturers of maritime electronic equipment in the world.

### Services:

We have an experienced and very well trained technical department. Together they have more than 30 years of experience and all of our engineers have been factory trained.

- Repairs
- Installations
- Commissioning
- Radio, EPIRB, AIS and SSAS surveys
- VDR surveys (APT)
- GMDSS maintenance contracts
- Sales

### Representations:

- FURUNO	- DANELEC	- INTERSCHALT	- RUTTER	- YOKOGAWA
- SPERRY	- KH	- AC ANTENNAS	- NETWAVE	- JOTRON
- ACR	- NAVICO	- ICOM	- JRC	- TOKYO KEIKI

### Class approvals:

- LR - ABS - BV - NKK - DNV- RINA

### Ports serviced:

All ports in Colombia and the Caribbean.

All French and Mediterranean ports, worldwide service.

## Karle & Fuhrmann GmbH

Germany

**Address:** Westkai-40-44, PO Box 100506, 27572 Bremerhaven, Germany

**Tel:** +49-471 97919-0 (24/7 Worldwide) **Web:** [www.karle-fuhrmann.de](http://www.karle-fuhrmann.de)

**Email:** [info@karle-fuhrmann.de](mailto:info@karle-fuhrmann.de)

**Contact:** Mr Günter Fuhrmann – CEO - +49-171 5441497 (After hours)  
Mr Marc Fuhrmann – CEO Automation – +49-171 2022077 (After hours)

Karle und Fuhrmann GmbH is a family business founded in 1986 with its main office in northern Germany. With 60 employees in all departments in Bremerhaven alone, the main field of activity is the repair, installation and modification of ships and industrial plants.

Due to the favourable location at the mouth of the Weser in the fishing port of Bremerhaven and a 250 meter long berth right in front of the door, excellent services can be offered in all areas.

The 7 factory halls and workshops of the specialist departments on more than 6000m<sup>2</sup> are well equipped and have crane systems up to 12.5 tons. The main focus of work is assembly and repair work at the customer's site and worldwide in shipping.

### Services:

- Generators & Motors: Rewinding according to AYRODEV Process
- Automation: Alarm & Safety Systems, Fire Alarm Systems, Remote Controls, Control Systems etc.
- Engine Repairs: Main & Auxiliary Diesel Engines & Turbochargers
- Hydraulic Repairs
- Satellite Communications, Computer Systems, Computer Networking
- Refrigeration, Air Conditioning Systems
- Steelwork: Repairs & construction
- Pipe Work: Repairs of valves, pipes & pumps
- Boiler Repairs
- Supply: Spares, Motors, Generators of all brands
- Voyage Repairs
- Dry-docking facilities, jetty in front of our workshop & offices

### Ports Serviced:

Hamburg, Bremerhaven, Bremen, Emden, Wilhelmshaven and other German ports on request.

Since its foundation in 1995, ILJIN AND CO., LTD. has provided ships fire detection & extinguishing equipment and safety equipment in the Maritime Safety field with a vision of «*Making the sea safer and more beneficial*» and also had a leading role in the field.

And in 2015, we challenged the Maritime ICT field and consecutively developed the Linked Emergency Shutdown System, CCTV System, VoIP Auto Telephone, and Real-time Vessel Monitoring System in a short period of time with the launch of the XC NETWORK SYSTEM brand. Until now we have provided high-quality products and started to gain a good reputation in the market.

Now, ILJIN AND CO., LTD., has firmly established a new management philosophy of «*Making the sea safer and smarter*» once again, and is creating a new market by developing and providing convergence solutions of existing Maritime Safety Equipment and ICT Technologies.

### Products:

- VSAT & Airtime
- CCTV System
- VoIP Auto Telephone System
- Real-time Vessel Monitoring System
- Linked Emergency Shutdown System
- IT Setup support
- Fire Fighting Solution (Water Spray System, Cargo Spray Nozzle, Drencher System, Portable Foam Applicator for Helicopter Landing Area, etc.)

**KTE Co., Ltd** has successfully been providing marine electrical equipment, side thrusters and engineering services for world's famous ship owners since its foundation in 1979.

**Services:**

- Electrical & Electronic : We provide the service on High & Low voltage switchboards, Motor controllers, Automatic paralleling equipment, Circuit breakers.
- Automation: Integrated monitoring and control systems, Power management system, Soft start panels.
- Mechanical: Side thrusters, Control system.
- Retrofit : High and Low voltage switchboard, Control panels.

**Services:**

Technicians are available for on-voyage repair work on our main products.

**Representations :**

- Side Thruster : Nakashima Propeller Co., Ltd.
- Shaft Generator : Taiyo Electric Co., Ltd.

**Quality Accreditations:**

ISO9001:2015 - ISO14001:2015 - OHSAS18001:2007

**Ports Serviced:**

Busan, Ulsan , Pohang including All Korean ports

**SANIL Electric Co. Ltd.**

SANIL is one of leading manufacturer of Transformer & Reactor and Sensor in Korea was established on August 1<sup>st</sup> 1987 and has supply to the whole world of the following products:

**Products:**

- **Power Transformers:** Capacity up to 50M/A. Primary Voltage up to 72W. Used for indoor or outdoor applications. Can be provided with on-load or off load tap changer.
- **Distribution Transformers** Capacity up to 10M/A. Primary Voltage up to 72W. Used for indoor or outdoor applications. Can be provided with on-load or off load tap changer.
- **Dry Type Transformers** Capacity up to 15M/A. Primary Voltage up to 36W. Used for indoor and Marine. Can be provided with off load tap changer.
- **Cast Resin Transformers** Capacity up to 15M/A. Primary Voltage up to 36W. Used for indoor and Marine / off-shore Application (AN, AFWF). Can be provided with off load tap changer.

**Quality Accreditation:**

ISO 9001, ISO 14001, OHSAS 18001

**Certified by:**

ABS, GL, LR, BV, DNV, RINA, RS

Propulsion Transformers (AFWF, IP44)

## SHE Company Ltd

Korea

**Address:** 69-8, Hwajeonsandan 2-ro, Gangseo-Gu, Busan, Korea

# Worldwide Quality Maritime Service Network

## Join Us Now !

Established in 1963 by leading marine service suppliers

### International Ship & Engineering Service (ISES) Association

► ISES Association, has been set up in 1963 with the objective to create an independent, united, high quality marine service network to serve international ship owners, managers and operators. The Association has members in 26 countries, covering over 150 ports, including some not covered by other service networks.

► As a group, the objective of ISES is to unite an independent, high quality worldwide network of members to provide electrical, mechanical, electronic and specialised services to the marine industry.

## Be part of a Global Association Discover the BENEFITS

- Be part of a global service network.
- Connect with members of the maritime industry around the world.
- Increase your technical knowledge shared by other members.
- Get access to new ship-owners, ship-manager and ship-operators.
- Obtain Key Market & Business Information.
- Get access to spare parts of hundreds of brands.
- Increase your work with service partners.
- Extend your service coordination worldwide.
- Access to main manufacturers in the industry.
- Expand your marketing power.
- Enhance your industry knowledge.
- Free entry in the ISES marine service guide which is distributed to hundreds of decision makers in the industry.
- Improve your Profile & Visibility.
- Free entry of your details on the ISES website and digital service guide.
- Automatic invitation to the ISES Annual General Meeting.
- Be ISES accredited!.

For more than 30 years our Safety & Firefighting division has been assisting vessel managers and owners to meet all safety requirements on time and around the globe. We service your complete safety portfolio including lifeboats & davits, liferafts, fire protection systems and personal lifesaving equipment according to SOLAS and IMO requirements.

### Services:

Maintenance, examination (inspection), testing of:

- ✓ Fire protection (detection) systems and arrangements
- ✓ Fire extinction systems, equipment and arrangements
- ✓ Personal Protection Equipment
- ✓ Life-rafts (VIKING, FUJIKURA, SEASAFE, UZEMIK, YOULONG)
- ✓ Lifeboats and Rescue Boats
- ✓ Lifeboat/Rescue Boat launching appliances and release gear  
(Big range of manufacturers list according to MSC.402(96))
- ✓ Lifeboat davit, cargo crane load test
- ✓ Accommodation ladder (etc.) overload test
- ✓ Calibration of gas-detection equipment
- ✓ Hydraulic equipment diagnostics and repair
- ✓ Navigation and marine electronics periodic maintenance
- ✓ GRP repairs for lifeboat or rescue boat damages
- ✓ And more ...

### Maritime Authorities (MA) approvals:

Lithuanian, Latvia, Belgian, Denmark, Bahamas, Panama, Liberia.

### Class approvals:

Technology in the maritime world moves fast. Luckily so do we. We are here to help your company with innovative solutions that match better with the technology and capabilities of today.

We create solutions that the market demands and that your vessel needs. We are Alphatron Marine, a renowned supplier of integrated bridge solutions, representative of the most important brands in the industry and producer of unique complementary products.

Our teams, 400+ globally, consist of the best professionals in the field of development, design, engineering and commerce. With full support of Centres of Excellence in Tokyo, Rotterdam, Singapore and Houston, we bring quality and innovation to users, operators and shipyards, and we change the future of ship and land communication and navigation. In the past years Alphatron Marine has fitted over 1200 seagoing new building vessels and are setting new standard with the trendsetting Alphabridge wheelhouse concept.

Our history is not that long. In 2014, Alphatron Marine and JRC joined forces to grow further. At this time, Japanese quality and Dutch innovation came together to bring the best of both worlds together. JRC is a leading manufacturer of marine electronics that specializes in designing and producing industry-compliant products.

With a history of more than 105 years, JRC has a strong reputation. In 2017, JRC officially took over Alphatron Marine, and we became part of the Japanese family.

One company, one team; we create ideas that change the maritime world. With a team that can scale up and get things done, that collaborates, support and tackles problems fast. A team that helps you look ahead where others cannot.

40 years of experience has propelled PAT-Krüger into a reliable market leader of heavy duty safety and control systems. Delivering self-developed and high-quality innovative solutions for onshore and offshore markets.

There's an untold capacity when it comes to the amount of PAT-Krüger systems that have been installed worldwide: safe load limiters, weighing systems, height and slew limiters, winch control, data logging, remote access, camera systems and many more. Systems that intelligently connect measurements, calculations and control. Handling force, angle, length, pressure and so much more.

All systems are installed and serviced by our highly experienced and driven service team. We have extensive knowledge, huge systems database and an extensive stock of spare parts. These, combined with our strong will power, get the job done. Even when that job demands unlimited hurry, even when it's on the other side of the world. After all, to secure your operational capacity you need our secure service.

We have office in The Netherlands (HQ), Germany, United Kingdom and United Arab Emirates.

Untold capacity. Unlimited control.

Put us to the test!

## Jason Electronics Pte Ltd

Singapore

**Address:** Blk 194, Pandan Loop, #06-05 Pantech Business Hub, Singapore 128383

**Tel:** +65 6477 7700

**web:** [www.jason.com.sg](http://www.jason.com.sg)

**Email:** [sales@jason.com.sg](mailto:sales@jason.com.sg)

Jason Electronics Pte Ltd (JEPL) is a leading provider of integrated solutions for marine communication, navigation and automation systems with a global clientele. Based in Singapore, the company is known for its wide ranging capabilities in designing, supplying, installing, integrating, testing and commissioning integrated solutions for the marine and offshore oil & gas industries, backed up by its excellent maintenance and support services. Satellite airtime services are also offered to complement its communication business.

### Services:

(1) After-sales support, (2) Maintenance & repair works, (3) Troubleshooting, (4) Replacement of faulty parts and (5) Statutory Radio Survey for major Classification Societies. Its engineers are certified by principals to provide maintenance, service and annual performance test for Voyage Data Recorder (VDR).

JEPL also has a presence in international markets such as India, Indonesia, Malaysia, People's Republic of China, South Korea, Thailand, Vietnam and Spain. With this strong regional presence, JEPL is able to provide closer and better service to its customers located in the region and to further expand its customer base.

### Representations:

With over 40 years of experience in the industry and the aim to offer optimal solutions to its customers, JEPL has established partnerships with internationally renowned manufacturers such as Raytheon Anschutz, SeaTel, Netwave, Danelec, Navico, ACR, Kodan, Skipper and Cobham (Sailor / Thrane & Thrane) which allow the company to offer best-of-breed solutions to its customers.

In addition, JEPL is also accredited as the certified service centre for Cobham and Skipper Singapore and the authorized service centre for Raytheon Anschutz in the PRC to provide maintenance and after-sales support.

### Ports Serviced:

All ports in Singapore (HQ), China, Malaysia, Thailand, Vietnam and Spain. Arrange service WORLDWIDE.

**Contact:** Adán Márquez – CEO / [adan@crosscomar.com](mailto:adan@crosscomar.com) / +34 607 085800

Crosscomar S.L is an internationally managed company located in Algeciras, Spain number ONE port at the strait of Gibraltar.

We have excellent connections with local workshops, shipyards and suppliers. We carry out ship repair at anchorage, alongside, in dock or on voyage.

Our experience covers all types of ship repairs and conversions.

- Complete the work when ships are at anchorage, alongside or on voyage reducing off-hire cost and the other expenses incurred at shipyards.
- Our experienced workforce is ready for immediate mobilization.
- Crosscomar has now joined the Maritime Group of Companies ( Teco, and Blom Maritime ), and will be able to attend worldwide
- Crosscomar has created a new line of TurboCharger business, Turbo Crosscomar, and will be able to service, micro-blast, balance and repair T/C within its normal areas of action.
- We perform whichever necessary tasks while the vessels are sailing, so there is no time waste or schedule disruptions and reducing cost.
- Our multilingual staff will make communication on board and at the office simpler.

### **Our Services:**

Renewal / Repair / Overhaul and Maintenance.

- Steel and Hull / Engine / Piping / Boilers
- Anchors – Chains
- Mechanicals & Hydraulics Repairs
- Electrical Repairs

Koffler Electrical Mechanical Apparatus Repair is a facility whose unique combination of experience, expertise and wide-ranging technical resources enable it to serve the industry's most diverse range of customers. Check out our credentials. They include the US Navy, who trusts us to overhaul nuclear submarine propulsion generators; refineries such as Chevron, Exxon and Shell; steel companies like USS Posco Steel Company; and utilities such as PG&E.

### Rewinds:

Rewinding/overhaul of AC and DC rotating equipment up to 10,000 H.P. & transformers up to 5,000 KVA • HV coil manufacture • Vacuum pressure epoxy resin impregnation, tank 12 x 12

### Specialising:

Dynamometer testing up to 3,000 H.P. (0 to 4,160 V) • Dynamic balancing & vibration analysis • Voltage regulator repairs • Relay testing • Certified non-destructive testing • Surge comparison AC/DC • Circuit breaker testing/calibration up to 100,000 A • Rotor rebarring (aluminium and copper) • Complete machine shop services • Babbitt bearing repair and manufacture • Complete welding & fabrication with full metal spray capabilities

### Site Services:

Laser alignment • Vibration analysis and field balancing • Thermographic infra-red camera survey • Trouble shooting electrical or mechanical equipment • Circuit breaker testing/calibration • Shipboard wiring • Transformer testing • Technical training courses

### Service/Sales Representations:

Electric Motors: GE • Westinghouse • Louis Allis • Baldor • LEESON • Reliance • Toshiba  
Controls: Square D • GE • Alan Bradley  
Variable Frequency Drives: ADI (Emerson)

### Ports Serviced:

San Francisco, Sacramento, Oakland, Richmond & Stockton

## Seaboard Controls

U.S.A.

**Address:** 4807 Highway 90 West, Crosby, Texas, U.S.A.

**Tel:** +1-281 328 8620

### Contacts (24 / 7):

Philip Muro – CEO: +1-713-249-0703 / [Philip@seaboardcontrols.com](mailto:Philip@seaboardcontrols.com)

Anthony Muro – VP: +1-713-252-0266 / [Anthony@seaboardcontrols.com](mailto:Anthony@seaboardcontrols.com)

Landon Frioux – VP Operations: +1-281-328-8620 [Landon@seaboardcontrols.com](mailto:Landon@seaboardcontrols.com)

Providing service to the Marine Industry and tending to ship owners and manager's electrical and automation needs. We have provided services to our Marine customers for the last 40 years. Seaboard understands how important prompt and professional service is to the vessel, ship owners, and managers.

-Field Service provided using our in-house staff of experienced Marine Service Engineers, Service Technicians and Marine Electricians.

-Motor and Generator Rewind and Overhaul up to 1,000 HP. Fast track programmes available for quick turnaround to meet vessels ETD.

-Engineering, design, fabrication, and Classification approval on: Fabrication of custom equipment (Switchboards, Variable Frequency Drive Packages, Automated System Upgrades, Shore Power Additions & Retrofits.)

### Services:

- |  |                                   |
|--|-----------------------------------|
| ● Alarm & Monitoring Systems                                 | ● Bilge & Ballast Controls        |
| ● Power Management Systems                                   | ● PLC & HMI Programming           |
| ● Pump Room Monitoring Systems                               | ● Tank Gauging Systems            |
| ● Remote Access of Control Systems                           | ● Inert Gas Control Systems       |
| ● Shore Power Systems (medium/low voltage)                   | ● Systems Integration             |
| ● Steering Gear Controls                                     | ● Switchboard Power Breakers      |
| ● Power Management Systems                                   | ● System Retrofit & Upgrades      |
| ● Winch Controls   | ● Thruster Controls               |
| ● Switchboard Bus Modifications                              | ● Combustion & Burner Mgmt. Syst. |
| ● Generator Controls, Governor controls, Switchboards MV, LV | ● Motor Controls                  |

### Representations:

Exclusive U.S. Authorized Service Representatives for JRCS Engine Room, Control Room & Deck equipment.  
Kraft Powercon.

### Class Societies:

Familiar with all Classification Societies, UL listed, ISO 9001

### Ports Serviced:

All North, Central and South American ports.

U.S.A.

**SIMPLEX  
AMERICAS**

**Simplex Americas LLC**

**U.S.A.**

**Address:** 20 Bartles Corner Road Flemington , New Jersey 08822, U.S.A.

Keenan Vogler: +1-908-303-3600

Simplex Americas LLC was founded in 2003 and represents the interests of Blohm + Voss Industries exclusively for Simplex, Simplan, Turbulo products in the US, Canada, Mexico, Central America, Caribbean and the South American pacific coast.

We provide sales, spare parts, engineering and services all covered by a network of factory trained specialists in the shipping, shipbuilding and repair areas.

**Services:**

Marine Propulsion Service, New Equipment Sales, Spare Parts Sales Machine Shop, In Place Machining, Alignment, Condition Monitoring

Diesel engines, gearbox, couplings, coupling bolts, shaft bearings, shaft seals, Controllable Pitch Propellers, Thrusters, Z Drives, Waterjets, Oily Water Separators, Oil Purifier, In Place Machining, Condition Monitoring, Alignment

**Representations:**

SKF Marine, Simplex Stern Tube Seals, Turbulo Oily Water Separators, SKF Couplings, Bearings, SuperGrip bolts, Niigata Power Systems Diesel Engines and Z Pellers, Nakashima Propeller Co., Waagene Purifier, Jastram GmbH

**Ports serviced:**

All ports in North, Central and South Americas

## Partnerships

IMPACT was formed in 1978 by a group of senior purchasing executives who wanted to create an industry 'voice' to represent the interests of the purchasing profession within shipping and promote close co-operation and understanding between buyer and supplier.

The AEMT is the international trade association for all companies who manufacture, distribute, install, service, maintain and repair industrial machinery technology such as electric motors, drives, pumps, fans, gearboxes, generators, transformers, switchgear and ancillary equipment.

National Maritime is a not for profit business engagement group, media, training and events organization focusing on the global maritime sector. We explore the values of the ocean and coasts for sustainable development from a multi-disciplinary and multi-sector perspective.
